What Makes KSLN Different

The Importance of Establishing Trust Long before a case enters the courtroom, we give our clients a serious advantage by forging an immediate partnership, providing honest, informed consultation and studying each case as thoroughly as possible.

A Commitment to Service Our clients are kept informed at every stage of the litigation. All inquiries are responded to promptly. Each case is properly staffed so the matter can be resolved expeditiously and with the best possible result – with no exceptions. We meet with our clients to review strategies, monitor activities and discuss all issues related to file-handling, including billing, at no additional charge. Confidence in the Courtroom KSLN attorneys approach the courtroom with confidence and tenacity, translating their knowledge, sharp instincts and disciplined attitude into one of the highest winning percentages in Western New York. Our opponents know that we prepare our cases for trial and do not hesitate to pick a jury.

We Update Clients on Decisions Affecting their Industry Examples are our New York Labor Law News Update, and our New York Insurance Coverage Digest . KSLN is a member of the Network of Leading Law Firms.
