
KSLN Joins Network of Leading Law Firms

Kenney Shelton Liptak Nowak LLP is pleased to announce that it has joined the Network of Leading Law Firms. The Network of Leading Law Firms (NLLF) welcomes Kenney Shelton Liptak Nowak LLP (KSLN) as a new member of the network who will represent the NLLF in upstate New York. A 22-lawyer firm headquartered in Buffalo, KSLN also has offices in Corning, Rochester and New York City. KSLN brings to the NLLF a strong practice in insurance coverage litigation, insured/self-insured defense litigation, environmental and toxic tort litigation and family/matrimonial law. NLLF Officers and its Membership Committee identified Kenney Shelton Liptak Nowak as a strong, quality law firm whose membership could benefit both the firm and the NLLF. The Network of Leading Law Firms is a non-profit international organization based in Ann Arbor, Michigan. The purpose of the NLLF is to assist its members to better serve their clients by broadening the geographic service areas of its members, as well as their practice services. The NLLF members value their NLLF membership because of the opportunity to refer work around the world for their clients as well as receive work from all over the world from members whose clients need assistance in a jurisdiction outside their geographic reach.
